Facing a long drive home with nothing but the silver shovel to comfort them, Kent State who had lost to The Brown Growlers in earlier competition, came back with a vengeance in the championship game. They defeated The Brown Growlers in consecutive matches to take the golden shovel back home to Ohio. The Brown Growlers, previous gold shovel holders, finished second and received the silver shovel. The Elmira Road Runners, who had driven over three hours that morning to compete in the Buffalo Blizzard Tournament, finished third and received the bronze shovel. Finishing fourth was Marty's Boys.
